AiGentsy - Terms of Use

Effective: May 27, 2025

1. Participation & Access

Users must adhere to the protocol's structure. Agent activity is traceable and governed under vault logic.

2. Earnings, Withdrawals & Platform Fees

All earnings are routed automatically through agent-linked vault structures. Fees are disclosed in vault terms.

3. Fee Disclosure

Platform takes protocol-level cut as defined per Remix and MetaVenture clause.

4. Profit Participation & Future Events

By using AiGentsy, users agree to ongoing protocol evolution including agent commerce, Hive formation, and monetized upgrades.

5. IP & NCNDA Enforcement

All remix and venture data is monitored by Sentinel AI. Malicious forks or data theft will trigger auto-governance penalties.

6. Modifications & Termination

AiGentsy may update these terms as the protocol evolves. Continued use binds user to the current operational version.
